

Spay Day USA officially falls on the last Tuesday of February. This national day of action was created by the Doris Day Animal League in 1994 to promote the spaying and neutering of companion animals.

Operation SPOT is a not-for-profit organization dedicated to eliminating the unnecessary euthanasia of dogs and cats in St. Louis and surrounding areas by providing free or low-cost spay/neuter programs, along with public information on responsible pet guardianship.

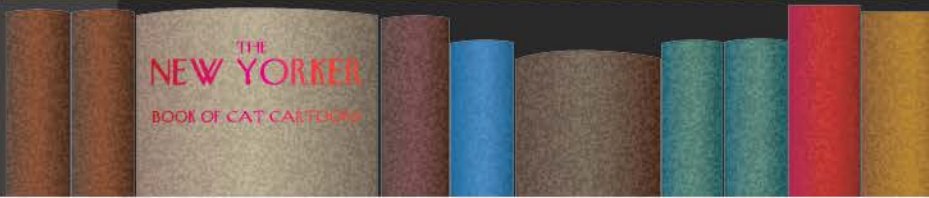

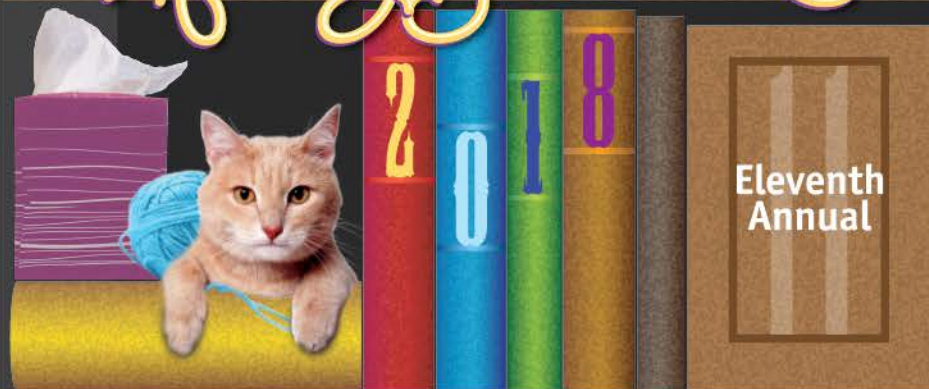

So far our programs have been able to spay/neuter over 41,700 dogs and cats.

Printing through the support of the DJAL Foundation and the JCSP Foundation
